

**NORDICS
CLUB
GENEVA**

Hej Nordics!

La Nuit des Bains, organized three times a year in Geneva's **Quartier des Bains** has become a hugely popular affair where visitors can discover new art in the atmosphere of a street party. There is a whiff of youthful sophistication as visitors weave in and out of the galleries, some sipping a glass of wine along the way. The Mamco and the Centre d'art participate by opening their doors to the public.
